D. O. No. 16-10/2010-EIP  
19<sup>th</sup> November, 2010

Dear *& Dhoot*

The Indian Telecom Sector has emerged as one of the fastest growing sectors in the economy. With the Second largest Telecom network having more than 700 million subscribers, India is currently witnessing huge growth of more than 18.5 million connections per month. The growth in this sector is also contributing significantly to the economic growth of the country. It has attracted over US\$ 10 billion of FDI in the country.

To promote the Indian Telecom sector, the Department of Telecommunications has been organizing India Telecom series of exhibition and conference for last four years. The earlier event in this series "**India Telecom 2009**", held in New Delhi from 3<sup>rd</sup> to 5<sup>th</sup> December 2010, was a huge success and received tremendous response from the industry. The event witnessed a phenomenal response as 18 countries, 198 exhibitors and over 18,000 visitors participated in this event.

To continue to promote the opportunities in Indian Telecom sector for boosting our economic growth and attracting further FDI, this year too, we have planned to organize, "India Telecom 2010" with the theme "Broadband for All" from 9<sup>th</sup> to 11<sup>th</sup> December 2010 at New Delhi. The event will focus on the areas like Green telecom, 3G & BWA proliferation in India, Broadband expansion, Mobile Number Portability, Mobile Financial Services (MFS) in India, etc. The event is likely to be inaugurated by Hon'ble President of India.

During this event, we are organizing a CEOs Roundtable on 9<sup>th</sup> December 2010 between 06.00 PM to 7.30 PM. at Hotel Oberoi, New Delhi. This would be an occasion to share the Government's vision for the growth of the Telecom Sector, particularly in rural areas, expansion of broadband and soliciting your valuable inputs in charting the road ahead. I take this opportunity to invite you to participate in CEO's Roundtable followed by dinner.
