Inaugural Session: Reforms to Transform Railway

While assessing the last years of railways initiatives, the session will focus on future strategies and plans to make Indian Railways more efficient and preferred mode of transportation. Deliberations on cutting down losses of railways; addressing funding related issues and infrastructure development are some of the major issues. Governance reforms in railways as the core theme of the inaugural, it will also have the best practices from other countries.

11:30 PM – 12:30 PM
